

PTMTA Website

We are so glad you have chosen to Join PTMTA. A business page on this website is just one of the growing benefits of membership. The PTMTA website acts as a search engine specifically for boating in the Port Townsend area, directing boat owners to the facilities, services, retail brands and dealers they are looking for. This site showcases the best marine professionals in Port Townsend.

To make it easier on our members we will need information that is similar to the information that the Port of Port Townsend request for use on their website.

- Artwork of your business logo/brand, preferably in high-resolution electronic form
- Two photographs you would like used to represent your business, digital preferred, but we can scan hard-copy photos if necessary
- Business description narrative, 300 word maximum

Enter your info in this form and send us an email:
